The 2015 Spring Meeting of the British Crystallographic Association

University of York
30th March – 2nd April

The BCA Spring Meeting Programme Committee invite you to the University of York in 2015 for a diverse and exciting meeting featuring talks, posters, and workshops on cutting edge research topics in crystallography. You are invited to submit an abstract for a talk in any of sixteen topical microsymposia. Poster abstracts are invited from all areas of crystallographic research.

We look forward to seeing you in York.

Confirmed Plenary and Award lectures:
Sir Tom Blundell; **Simon Parsons**;
Tony Cheetham; **Gideon Davies**; **Colin Groom**

Prize lectures from early career scientists.
Parallel software and method workshops.
Abstract submission opens November 2014

Young Crystallographers Satellite Meeting
30th-31st March
Confirmed plenary speakers:
Susan Lea and **Bill David**
Space group teaching sessions by **Bill Clegg** & **Mike Glazer**
